DID YOU KNOW?

- In 1947, Aspen Mountain opened with the world's longest ski lift. With the additions of Buttermilk (1958), Aspen Highlands (1958) and Snowmass (1967), Aspen established its reputation as a premiere international resort.
- The Roaring Fork is a Gold Medal freestone river that originates above Aspen near Independence Pass and is a popular destination among fishermen, rafters and kayakers.
- In the 1800's, Aspen, once called Ute City, was the nation's largest single silver producing mining district.
